BAUHAUS SUMMER SCHOOL

WELCOME TO WEIMAR!

Bauhaus-Universität Weimar

At the Bauhaus-Universität Weimar you will find an atmosphere of **collaboration between artists, designers, engineers and media studies** scholars. Our students benefit from the close student-teacher ratio and an atmosphere that allows for you to develop and experiment with your own ideas.

24 % international students

You will find the Bauhaus-Universität Weimar right in the middle of Germany, in the Federal State of Thuringia. Today Weimar is a lively city of about 65,000 inhabitants with a city centre that is no more than 10 minutes away from most things by foot. Whether you're an art and culture lover, night owl or gourmet, Weimar offers much more than Goethe, Schiller and the Bauhaus.

home of art and culture

safe, secure and equal

BE PART OF IT!

**Bauhaus Summer School:
Learn. Connect. Discover.**

The Bauhaus Summer School is the international summer programme of the Bauhaus-Universität Weimar. Each year in August we welcome prospective students, undergraduates as well as graduate students from all over the world. Be one of **more than 300 aspiring people** and broaden your academic and cultural horizon at one of our **summer courses**.

Benefit from **our wide cultural accompanying programme**: take a trip to the cities of Berlin or Dessau, make new friends at the gaming or film nights or explore nature on a rubber rafting tour.

Our friendly, young Summer School team assists you with your accommodation, welcomes you at your arrival and helps you with any organisational issues during your stay.

Architecture & Urbanism

Cultural Landscapes & Urban Resilience

19 - 31 August
Philippe Schmidt

» [Find out more](#)

Explore man-made and natural factors' influence on the built environment and develop responsive planning schemes for more resilient cities. You will learn about several aspects of urban resilience from an environmental and cultural perspective through different tools, scientific methods and analysis, including GIS-techniques.

Breakup - Envisioning an Alternative Architecture!

5 - 17 August
Predrag Bilinac &
Srdjan Mandić

» [Find out more](#)

Go beyond the imposed limits of architecture, explore the architectural and urban cracks in Berlin and design an architectural intervention in Weimar. The course offers you the skills to think differently about the meanings and potentials of architectural objects in a highly political context.

Understanding Spaces

5 - 17 August
Marie Ulber

» [Find out more](#)

Experience and analyse the natural landscape and urban environment of Weimar in order to develop site specific design solutions for art and architecture. The course closely links theory and practice through lectures, field trips and studio work.

Architectural Design

19 - 31 August
Marie Ulber

» [Find out more](#)

Explore design strategies and artistic approaches in architecture through hands-on modelling, on-site visits and studio practice. Each class examines particular design principles and methodologies, leading to practical design techniques.

European Urbanism and the U.S.

5 - 17 August
Arvid Krüger &
Sue Pearson

» [Find out more](#)

Explore the complex world of modern city urban design and get to know the various shapes and contradictions of European Urbanism. Learn the tools and techniques to become a more versatile urban planner.

Art & Design

Moving Traces: Design Elements & Principles

Expand your creative horizon and get to know creative principles and their perception in the context of Bauhaus. The course encourages you to design an own visual moving story.

19 - 31 August
Gabriele Fecher &
Hyojung Seo

» [Find out more](#)

Experimental Painting, Drawing and Collage

Experience what teaching lessons with the Bauhaus masters were like: This course focuses on working with abstract compositions while you experiment with color and translate everyday structures and observations into paintings.

19 - 31 August
Franziska Goes

» [Find out more](#)

Character Art

Come and learn to recognize how characters, faces and quirky creatures can be found where originally not intended to convey them. This workshop challenges you to create a compound of vivid and unique characters that come to life by various materials and artistic techniques.

5 - 17 August
Sarah Hartwig

» [Find out more](#)

SilkScreen Printing - Explore more to Print!

Get to know the different techniques of silkscreen printing and make your own artwork with digital and analogue techniques. Experiment with different shapes, colors and materials and create your own art-print portfolio.

5 - 17 August
Aysegül Dincçag &
Yvan Onur Gülecek

» [Find out more](#)

The Architectural Space in Photography

Expand your ability to deal with architectural space and its photographic depiction and learn how to apply photographic styles. You will create and edit a photo series on an architectural topic in or around Weimar.

5 - 17 August
Andrea Vollmer &
Andreas Meichsner

» [Find out more](#)

Culture & Media

Deep Dive Design Thinking

5 - 17 August
Carolin Scheffler &
Julius Falk
» [Find out more](#)

Design Thinking is a process for creating user-centered solutions in multidisciplinary teams. But it's much more than that: it is a mindset — another way of tackling challenges: empathetic and hands-on. Learn core skills for working in innovative and creative professions.

The ABC's of Managing and Organizing Today

19 - 31 August
Sven-Ove Horst
» [Find out more](#)

Learn how to manage yourself, your team, as well as processes and structures in organizations today. This course combines theoretical input on concepts for good management practice with practical project-work in small groups.

Engineering & Environment

Forecast Engineering

19 - 31 August
Lars Abrahamczyk
» [Find out more](#)

Bauhaus-Universität Weimar presents special topics of Structural Engineering to highlight the broad spectrum of Civil Engineering in the field of modelling and simulation. Through various lectures, seminars and project work it seeks to impart knowledge and combine modern research with a practical context.

Languages

German Intensive Course

Improve your German skills and experience an exciting summer in Weimar – the cultural capital of Germany and home of Goethe, Schiller and the Bauhaus. The programme combines intensive classroom teaching with practical training in small projects and cultural accompanying programme.

5 - 31 August
» [Find out more](#)

English Communication Skills (B1-C1)

Learn specific skills required for presentations or free speech in English and improve your language skills to conduct successful business negotiations.

5 - 17 August
» [Find out more](#)

English for Academic Purposes (B2-C1)

Improve your writing style and the structure of your texts in different subject areas. Learn effective strategies to better understand academic texts and share your experience with other participants.
